How has the Fund changed?

As previously disclosed, Subversive Capital Advisor, LLC ("Subversive") served as the investment adviser to the Funds, and Tidal Investments, LLC ("Tidal") served as the sub-adviser to the Funds.

At a meeting of the Board of Trustees ("Board") of Series Portfolios Trust (the "Trust") held on July 24-25, 2024, the Board considered a strategic plan presented by Subversive and Tidal that will allow a transition to a new management structure for the Funds. Pursuant to the strategic plan, it is the intent of Subversive and Tidal to recommend to the Board a proposal to transition the Funds from the Trust to Tidal's family of funds exclusively containing exchange-traded funds ("ETFs") managed by Tidal (the "Transition"). The Transition would result in Subversive no longer serving as the investment adviser to the Funds, and Tidal, the current sub-adviser to the Funds, serving as the investment adviser to the Funds.

In preparation for the Transition, the Board, upon the recommendation of Subversive and Tidal, approved the termination of Subversive's current investment advisory agreement (the "Current Advisory Agreement") and Tidal's current sub-advisory agreement, and appointed Tidal as the Funds' investment adviser pursuant to an interim investment advisory agreement (the "Interim Advisory Agreement") between the Trust, on behalf of the Funds, and Tidal. These changes will be effective as of August 2, 2024, and the Interim Advisory Agreement will remain in effect until the earlier of 150 days from its effective date or the date that the Transition is completed. The terms and conditions of the Interim Advisory Agreement are substantially similar to those of the Current Advisory Agreement, except for the term and effective date and the replacement of Tidal as a party to the agreement in place of Subversive. There is no change to each Fund's contractual unitary management fee.

Tidal, a Tidal Financial Group company, is a registered investment adviser that was founded in 2012 and is dedicated to understanding, researching and managing assets within the expanding ETF universe. As of June 30, 2024, Tidal had assets under management of approximately \$17.16 billion and served as the investment adviser or sub-adviser for 194 registered funds. Under the Interim Advisory Agreement, the new portfolio managers for the Funds will be Michael Venuto and Daniel Weiskopf. Mr. Venuto is a co-founder and has been the Chief Investment Officer of Tidal since 2012. Mr. Weiskopf serves as Portfolio Manager at Tidal, having joined the firm in 2018.

There will be no change to each Fund's investment thesis, which is to track the trading activity of the Democratic or Republican U.S. Congresspeople while in office. The Interim Advisory Agreement is not expected to result in any material change to each Fund's investment objective or principal investment strategies. However, in implementing each Fund's principal investment strategies, Tidal intends for each Fund, under normal circumstances, to invest in a portfolio of between 100 to 200 holdings instead of the currently disclosed range of between 500 and 600 holdings.

In connection with the strategic plan presented to the Board, Tidal intends to enter into a fund sponsorship agreement with Subversive pursuant to which Subversive will be a sponsor to the Funds. Under this arrangement, Subversive will agree to provide financial support to the Funds. In return, Tidal will agree to pay Subversive a portion of any remaining profits generated by the unitary management fee for each Fund. Subversive will not be an investment adviser to the Funds. At a meeting held on August 23, 2024, based upon the recommendation of Tidal Investments, LLC ("Tidal"), the Funds' current investment adviser, the Board of Trustees of Series Portfolios Trust (the "Trust") approved an Agreement and Plan of Reorganization (the "Plan of Reorganization") providing for the reorganization (each, a "Reorganization" and together, the "Reorganizations") of each Fund, each a series of the Trust, into a separate and newly created shell series of Tidal ETF Trust (the "Acquiring Trust") of the same name (each, an "Acquiring Fund" and together, the "Acquiring Funds").

Following the Reorganization, if the Plan of Reorganization is approved by shareholders of the Funds, the Acquiring Funds will be managed by Tidal, the Funds' current investment adviser, and the same portfolio managers at Tidal that currently manage the Funds will continue to be responsible for the day-to-day management of each Acquiring Fund's portfolio. The Acquiring Funds will have the same investment objectives and substantially similar investment strategies, policies, and risks as those of the Funds.

How did the Fund perform last year and what affected its performance?

The Fund returned 28.39% for the fiscal year ended September 30, 2024 compared to 36.35% for the S&P 500[®] Index. The Fund was weighted towards value stocks with an overweighted allocation towards the industrials and energy sectors.. The Fund was 91% weighted towards large cap stocks. The value tilt and heavy exposure to these two sectors led to underperformance and an underweighted position in large cap growth and technology stocks.

What Factors Influenced Performance?

Given the underperformance by stocks in the industrials and energy sectors the Fund was under allocated to the Mega-Cap technology stocks that drove the S&P 500[®] Index performance. Energy prices steadily trended downward during this period. Expectations of lower interest rates led to significant outperformance by large cap technological stocks in the Fund; specifically NVIDIA.

NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2024

1. ORGANIZATION

Series Portfolios Trust (the “Trust”) was organized as a Delaware statutory trust under a Declaration of Trust dated July 27, 2015. The Trust is registered under the Investment Company Act of 1940, as amended (the “1940 Act”), as an open-end management investment company. The Unusual Whales Subversive Democratic Trading ETF (“Democratic Trading ETF”) and the Unusual Whales Subversive Republican Trading ETF (“Republican Trading ETF”) (each separately a “Fund,” or collectively, the “Funds”) each has its own investment objectives and policies with the Trust. The Funds commenced operations on February 6, 2023. The Funds are investment companies and accordingly follow the investment company accounting and reporting guidance of the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (the “Codification”) Topic 946, *Financial Services – Investment Companies*. The Funds do not hold themselves out as related to any other series of the Trust for purposes of investment and investor services, nor do they share the same investment adviser with any other series of the Trust.

The Democratic Trading ETF seeks to achieve long-term capital appreciation by investing primarily in equity securities of publicly traded companies that sitting Democratic members of United States Congress and/or their families also have reported to have invested in through public disclosure filings made by such Congresspersons pursuant to the Stop Trading on Congressional Knowledge Act (“STOCK Act”). The Fund will focus on the equity securities purchased or sold by members of Congress who are registered members of the Democratic Party and their families. The Fund will not consider investments by any U.S. Congressperson who is not registered as a member of the Democratic Party (e.g., a U.S. Congressperson who is registered as an Independent but who may caucus as member of the Democratic Party).

The Republican Trading ETF seeks to achieve long-term capital appreciation by investing primarily in equity securities of publicly traded companies that sitting Republican members of United States Congress and/or their families also have reported to have invested in through public disclosure filings made by such Congresspersons pursuant to the STOCK Act. The Fund will focus on the equity securities purchased or sold by members of Congress who are registered members of the Republican Party and their families. The Fund will not consider investments by any U.S. Congressperson who is not registered as a member of the Republican Party (e.g., a U.S. Congressperson who is registered as an Independent but who may caucus as member of the Republican Party).

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Funds in the preparation of its financial statements. These policies are in conformity with generally accepted accounting principles in the United States of America (“GAAP”).

A. Investment Valuation – The following is a summary of the Funds’ pricing procedures. It is intended to be a general discussion and may not necessarily reflect all the pricing procedures followed by the Funds. Equity securities, including common stocks, preferred stocks, and real estate investment trusts (“REITS”) that are traded on a national securities exchange, except those listed on the Nasdaq Global Market[®], Nasdaq Global Select Market[®] and the Nasdaq Capital Market[®] exchanges (collectively “Nasdaq”), are valued at the last reported sale price on that exchange on which the security is principally traded. Securities traded on Nasdaq will be valued at the Nasdaq Official Closing Price (“NOCP”). If, on a particular day, an exchange traded or Nasdaq security does not trade, then the mean between most recent quoted bid and asked prices will be used. All equity securities that are not traded on a listed exchange are valued at the last sale price in the over-the-counter market. If a non-exchanged traded equity security does not trade on a particular day, then the mean between the last quoted closing bid and asked price will be used. To the extent these securities are actively traded, and valuation adjustments are not applied, they are categorized in Level 1 of the fair value hierarchy.

NOTES TO THE FINANCIAL STATEMENTS – CONTINUED SEPTEMBER 30, 2024

Investments in registered open-end investment companies (including money market funds), other than exchange traded funds, are valued at their reported net asset values (“NAV”). To the extent these securities are valued at their NAV per share, they are categorized in Level 1 of the fair value hierarchy.

The Board of Trustees (the “Board”) has adopted a pricing and valuation policy for use by the Funds and their Valuation Designee (as defined below) in calculating the Funds’ NAV. Pursuant to Rule 2a-5 under the 1940 Act, the Funds have designated the Adviser as its “Valuation Designee” to perform all of the fair value determinations as well as to perform all of the responsibilities that may be performed by the Valuation Designee in accordance with Rule 2a-5. The Valuation Designee is authorized to make all necessary determinations of the fair values of the portfolio securities and other assets for which market quotations are not readily available or if it is deemed that the prices obtained from brokers and dealers, or independent pricing services are unreliable.

The Funds have adopted authoritative fair value accounting standards which establish an authoritative definition of fair value and set out a hierarchy for measuring fair value. These standards require additional disclosures about the various inputs and valuation techniques used to develop the measurements of fair value, a discussion in changes in valuation techniques and related inputs during the period and expanded disclosure of valuation Levels for major security types. These inputs are summarized in the three broad Levels listed below:

- Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that the Funds have the ability to access.
- Level 2 – Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.
- Level 3 – Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the Funds’ own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities.

As of the year ended September 30, 2024, the Funds did not hold any Level 3 securities, nor were there any transfers into or out of Level 3.

Refer to each Fund's Schedule of Investments for further information on the classification of investments.

B. Foreign Securities and Currency Translation – Investment securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollar amounts at the date of valuation. Purchases and sales of investment securities and income and expense items denominated in foreign currencies are translated into U.S. dollar amounts on the respective dates of such transactions. The Funds do not isolate the portion of the results of operations from changes in foreign exchange rates on investments from the fluctuations arising from changes in market prices of securities held. Reported net realized foreign exchange gains or losses arise from sales of foreign currencies, and the difference between the amounts of dividends, interest, and foreign withholding taxes recorded on the Funds' books and the U.S. dollar equivalent of the amounts actually received or paid. Net unrealized foreign exchange gains and losses arise from changes in the fair values of assets and liabilities, other than investments in securities at fiscal year-end, resulting from changes in exchange rates.

Investments in foreign securities entail certain risks. There may be a possibility of nationalization or expropriation of assets, confiscatory taxation, political or financial instability, and diplomatic developments that could affect the value of the Funds' investments in certain foreign countries. Since foreign securities normally are denominated and traded in foreign currencies, the value of the Funds' assets may be affected favorably or unfavorably by currency exchange rates, currency exchange control regulations, foreign withholding taxes, and restrictions or prohibitions on the repatriation of foreign currencies. There may be less information publicly available about a foreign issuer than about a U.S. issuer, and foreign issuers are not generally subject to accounting, auditing, and financial reporting standards, and practices comparable to those in the United States. The securities of some foreign issuers are less liquid and at times more volatile than securities of comparable U.S. issuers.

UNUSUAL WHALES SUBVERSIVE CONGRESSIONAL TRADING ETFs

NOTES TO THE FINANCIAL STATEMENTS – CONTINUED SEPTEMBER 30, 2024

C. *Cash and Cash Equivalents* – The Funds consider highly liquid short-term fixed income investments purchased with an original maturity of less than three months and money market funds to be cash equivalents. Cash equivalents are included in short term investments on the Schedule of Investments as well as in investments on the Statement of Assets and Liabilities. Temporary cash overdrafts are reported as payable to custodian.

D. *Guarantees and Indemnifications* – In the normal course of business, the Funds enter into contracts with service providers that contain general indemnification clauses. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred.

E. *Security Transactions, Income and Expenses* – The Funds follow industry practice and records security transactions on the trade date. Realized gains and losses on sales of securities are calculated on the basis of identified cost. Dividend income is recorded on the ex-dividend date and interest income and expense is recorded on an accrual basis. Withholding taxes on foreign dividends have been provided for in accordance with the Funds' understanding of the applicable country's tax rules and regulations. Discounts and premiums on securities purchased are amortized over the expected life of the respective securities. Interest income is accounted for on the accrual basis and includes amortization of premiums and accretion of discounts on the effective interest method.

F. *Share Valuation* – The NAV per share of the Funds is calculated by dividing the sum of the value of the securities held by the Funds, plus cash or other assets, minus all liabilities (including estimated accrued expenses) by the total number of shares outstanding for the Funds, rounded to the nearest cent. The Funds' shares will not be priced on days which the Cboe BZX Exchange, Inc. is closed for trading.

G. *Use of Estimates* – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

H. *Statement of Cash Flows* – Pursuant to the Cash Flows Topic of the Codification, the Funds qualify for an exemption from the requirement to provide a statement of cash flows and have elected not to provide a statement of cash flows.

3. RELATED PARTY TRANSACTIONS

At a meeting of the Board of Trustees of Series Portfolios (the "Board") Trust held on July 24-25, 2024, the Board considered a strategic plan presented by Subversive Capital Advisor LLC ("Subversive") and Tidal Investments LLC ("Tidal") that allowed a transition to a new management structure for the Funds. Pursuant to the strategic plan, Subversive and Tidal recommended to the Board a proposal to transition the Funds from the Trust to Tidal's family of funds exclusively containing exchange-traded funds ("ETFs") managed by Tidal (the "Transition"). The Transition would result in Subversive no longer serving as the investment adviser to the Funds, and Tidal, the sub-adviser to the Funds, serving as the investment adviser to the Funds. In preparation for the Transition, the Board, upon the recommendation of Subversive and Tidal, approved the termination of Subversive's investment advisory agreement and Tidal's sub-advisory agreement, and appointed Tidal as the Funds' investment adviser pursuant to an interim investment advisory agreement (the "Interim Advisory Agreement") between the Trust, on behalf of the Funds, and Tidal. The changes were effective as of August 2, 2024, and the Interim Advisory Agreement will remain in effect until the earlier of 150 days from its effective date or the date that the Transition is completed. The terms and conditions of the Interim Advisory Agreement were substantially similar to those of the previous advisory agreement, except for the term and effective date and the replacement of Tidal as a party to the agreement in place of Subversive. There is no change to each Fund's contractual unitary management fee.

NOTES TO THE FINANCIAL STATEMENTS – CONTINUED SEPTEMBER 30, 2024

The Trust has an Interim Investment Advisory Agreement with Tidal to furnish investment advisory services to the Funds'. Pursuant to the Interim Advisory Agreement between the Trust and the Adviser, the Adviser is entitled to receive, on a monthly basis, a unified management fee (accrued daily) based upon the average daily net assets of the Funds at the annual rate of 0.75%. For the year ended September 30, 2024, Subversive Capital Advisor LLC received \$420,208 in advisory fees and Tidal Investments LLC received \$237,899 in advisory fees.

Prior to August 2, 2024, Subversive served as Adviser and Tidal served as sub-adviser to the Funds.

Under the Interim Advisory Agreement, Tidal has agreed to pay all expenses of the Funds except for the fee paid to the Adviser pursuant to the Interim Advisory Agreement, interest charges on any borrowings, dividends and other expenses on securities sold short, taxes, brokerage commissions and other expenses incurred in placing orders for the purchase and sale of securities and other investment instruments, acquired fund fees and expenses, accrued deferred tax liability, extraordinary expenses, and distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act.

The Interim Advisory Agreement provides that the Adviser shall not be liable under such agreement for any error of judgment or mistake of law or for any loss arising out of any investment or for any act or omission in the execution of portfolio transactions for the Funds, except for willful misfeasance, bad faith or gross negligence in the performance of its duties, or by reason of reckless disregard of its obligations and duties thereunder.

At a meeting held on August 23, 2024, based upon the recommendation of Tidal, the Funds' current investment adviser, the Board of Trustees of Series Portfolios Trust approved an Agreement and Plan of Reorganization (the "Plan of Reorganization") providing for the reorganization (each, a "Reorganization" and together, the "Reorganizations") of each Fund, each a series of the Trust, into a separate and newly created shell series of Tidal ETF Trust (the "Acquiring Trust") of the same name (each, an "Acquiring Fund" and together, the "Acquiring Funds"). Following the Reorganization, if the Plan of Reorganization is approved by shareholders of the Funds, the Acquiring Funds will be managed by Tidal, the Funds' current investment adviser, and the same portfolio managers at Tidal that currently manage the Funds will continue to be responsible for the day-to-day management of each Acquiring Fund's portfolio. The Acquiring Funds will have the same investment objectives and substantially similar investment strategies, policies, and risks as those of the Funds. The Reorganization is expected to be completed on December 9, 2024.

The Funds are subject to examination by taxing authorities for the tax periods since the commencement of operations.

At September 30, 2024, the components of distributable earnings on a tax basis were as follows:

	Democratic Trading ETF	Republican Trading ETF
Tax Cost of Investments*	\$ 162,069,503	\$ 31,218,038
Gross unrealized appreciation	\$ 17,913,682	\$ 3,755,016

Total distributable earnings	\$ 13,124,797	\$ 2,589,959

* Represents cost for federal income tax purposes and differs from cost for financial reporting purposes due to wash sales.

As of September 30, 2024, the Democratic Trading ETF and the Republican Trading ETF had \$762,117 and \$45,040 in short-term capital loss carryovers, respectively, which will be permitted to be carried over for an unlimited period. As of September 30, 2024, the Democratic Trading ETF and the Republican Trading ETF also had \$62,442 and \$11,323 in long-term capital loss carryovers, respectively, which will be permitted to be carried over for an unlimited period. A regulated investment company may elect for any taxable year to treat any portion of any qualified late year loss as arising on the first day of the next taxable year. Qualified late year losses are certain capital and ordinary losses which occur during the portion of the Funds' taxable year subsequent to October 31 and December 31, respectively. For the taxable year ended September 30, 2024, the Funds did not defer any qualified late year losses.

Distributions to Shareholders – The Funds intend to distribute all net investment income and net realized gains at least annually. Distributions to shareholders are recorded on the ex-dividend date. The treatment for financial reporting purposes of distributions made to shareholders during the year from net investment income or net realized capital gains may differ from their treatment for federal income tax purposes. These differences are caused primarily by differences in the timing of the recognition of certain components of income, expense or realized capital gain for federal income tax purposes. Where such differences are permanent in nature, GAAP requires that they be reclassified in the components of the net assets based on their ultimate characterization for federal income tax purposes. Any such reclassifications will have no effect on net assets, results of operations or net asset values per share of the Funds. For the year ended September 30, 2024, the following table shows the reclassifications made in relation to Redemption in Kinds (RIKS) and RIKs on wash sales:

	Distributable Earnings	Paid-in Capital
Democratic Trading ETF	\$ (2,345,060)	\$ 2,345,060

NOTES TO THE FINANCIAL STATEMENTS – CONTINUED SEPTEMBER 30, 2024

The tax character of distributions paid for the year ended September 30, 2024 were as follows:

	<u>Ordinary Income</u>	<u>Long-Term Capital Gains</u>	<u>Total Distributions Paid</u>
Democratic Trading ETF	\$ 107,190	\$ 124	\$ 107,314
Republican Trading ETF	\$ 55,652	\$ —	\$ 55,652

For the period ended September 30, 2023, the Funds did not make any distributions to shareholders.

5. DISTRIBUTION FEES

The Board has adopted a Distribution and Service Plan pursuant to Rule 12b-1 under the 1940 Act (“the Plan”). In accordance with the Plan, the Funds are authorized to pay an amount up to 0.25% of the Funds’ average daily net assets each year for certain distribution-related activities. As authorized by the Board, no Rule 12b-1 fees are currently paid by the Funds and there are no plans to impose these fees. However, in the event Rule 12b-1 fees are charged in the future, they will be paid out of the Funds’ assets. The Adviser and its affiliates may, out of their own resources, pay amounts to third parties for distribution or marketing services on behalf of the Funds.

6. CAPITAL SHARE TRANSACTIONS

Shares of the Funds are listed and trade on the Exchange. Market prices for the shares may be different from their NAV. The Funds issue and redeem shares on a continuous basis at NAV generally in blocks of 25,000 shares called “Creation Units.” Creation Units are issued and redeemed principally in-kind for securities included in a specified universe. Once created, shares generally trade in the secondary market at market prices that change throughout the day. Except when aggregated in Creation Units, shares are not redeemable securities of the Fund. Creation Units may only be purchased or redeemed by certain financial institutions (“Authorized Participants”). An Authorized Participant is either (i) a broker-dealer or other participant in the clearing process through the Continuous Net Settlement System of the National Securities Clearing Corporation or (ii) a Depository Trust Company participant and, in each case, must have executed a Participant Agreement with the Distributor. Most retail investors do not qualify as Authorized Participants nor have the resources to buy and sell whole Creation Units. Therefore, they are unable to purchase or redeem shares directly from the Funds. Rather, most retail investors may purchase shares in the secondary market with the assistance of a broker and are subject to customary brokerage commissions or fees.

A fixed transaction fee is imposed for the transfer and other transaction costs associated with the purchase or sale of Creation Units. The standard fixed transaction fee for the Funds is \$500, payable to the Custodian. The fixed transaction fee may be waived on certain orders if the Funds’ Custodian has determined to waive some or all of the creation order costs associated with the order, or another party, such as the Adviser, has agreed to pay such fee. In addition, a variable fee, payable to the Fund, may be charged on all cash transactions or substitutes for Creation Units of up to a maximum of 2% as a percentage of the value of the Creation Units subject to the transaction. Variable fees received by the Funds, if any, are displayed in the Capital Shares Transactions section of the Statements of Changes in Net Assets. The Funds may issue an unlimited number of shares of beneficial interest, with no par value. All shares of the Funds have equal rights and privileges.

BOARD CONSIDERATION OF INTERIM INVESTMENT ADVISORY AGREEMENT SEPTEMBER 30, 2024 (UNAUDITED)

At its meeting held on July 24-25, 2024 (the “Meeting”), the Board, including the Independent Trustees, considered and approved the Interim Investment Advisory Agreement. In advance of the Meeting, Tidal provided information to the Board in response to requests submitted to them by Fund Services, the Fund’s administrator, on behalf of the Board, to facilitate the Board’s evaluation of the Interim Investment Advisory Agreement in the context of a strategic plan presented by Subversive Capital Advisor, LLC (“Subversive”) and Tidal Investments, LLC (“Tidal”) to allow a transition to a new management structure for the Unusual Whales Subversive Democratic Trading ETF and the Unusual Whales Subversive Republican Trading ETF (together, the “Funds”). At the Meeting, the Board met with representatives of Tidal to discuss the Interim Investment Advisory Agreement and future plans for the Funds. The Board also considered that it was the intent of Subversive and Tidal to recommend to the Board a proposal to transition the Funds from the Trust to Tidal’s family of funds exclusively containing ETFs managed by Tidal, pursuant to which Subversive would no longer serving as the investment adviser to the Funds, and Tidal, the current sub-adviser to the Funds, would serve as the investment adviser to the Funds.

In determining whether to approve the Interim Investment Advisory Agreement, the Board considered the comprehensive information and materials that were provided to the Board by Tidal at the Meeting. The Board relied on this information in relation to its consideration of whether to approve the Interim Investment Advisory Agreement. This information included materials describing, among other matters: (i) the nature, extent, and quality of the services to be provided by Tidal, including Tidal’s portfolio managers and other personnel, and the investment practices and techniques that would be used by Tidal in managing the Funds; (ii) each Fund’s historical performance as managed by Subversive; (iii) the proposed management fees payable by the Funds to Tidal and each Fund’s anticipated overall fees and operating expenses; (iv) Tidal’s estimated profitability in managing each Fund; (v) information regarding the extent to which Tidal may realize economies of scale and shares them with the Funds; and (vi) other ancillary or “fall-out” benefits Tidal and/or its affiliates may receive based on Tidal’s relationships with the Funds.

In considering and approving the Interim Investment Advisory Agreement, the Board considered the information it deemed relevant, including but not limited to the information discussed below. The Board did not identify any particular information or consideration that was all-important or controlling, and each individual Trustee may have attributed different weights to various factors. The Board considered not only the specific information presented to the Board in connection with its consideration of the Interim Investment Advisory Agreement, but also the Board’s experience through past interactions with Tidal and Subversive in connection with the Board’s oversight of the Funds. In this regard, the Board considered the information provided in connection with the approval of Tidal’s sub-advisory agreement with respect to the Fund, which was completed at the Board’s meeting on December 19, 2022. The Independent Trustees were assisted in their evaluation of the Interim Investment Advisory Agreement by independent legal counsel, from whom they received separate legal advice and with whom they met separately from representatives of Tidal and Subversive, the Interested Trustee and the Trust’s officers. The following summarizes a number of relevant, but not necessarily all, factors considered by the Board in approving the Interim Investment Advisory Agreement.

BOARD CONSIDERATION OF INTERIM INVESTMENT ADVISORY AGREEMENT SEPTEMBER 30, 2024 (UNAUDITED) – CONTINUED

Nature, Extent and Quality of Services to be Provided to the Fund. The Trustees considered the scope of services that Tidal would provide under the Interim Investment Advisory Agreement with respect to the Funds, noting that such services include, but are not limited to, the following: (1) investing each Fund's assets consistent with the Fund's investment objective and investment policies; (2) determining for each Fund the portfolio securities to be purchased, sold, or otherwise disposed of, and the timing of such transactions; (3) voting all proxies with respect to each Fund's portfolio securities; (4) maintaining the required books and records for transactions that Tidal effected on behalf of the Funds; (5) selecting broker-dealers to execute orders on behalf of the Funds; and (6) monitoring and maintaining the Funds' compliance with policies and procedures of the Trust and with applicable securities laws. The Trustees reviewed the terms of the Interim Investment Advisory Agreement and Tidal's representation that the Interim Investment Advisory Agreement does not materially differ from the current advisory agreement between Trust, on behalf of the Funds, and Subversive (the "Current Advisory Agreement"). The Trustees considered the investment philosophy of the proposed new portfolio managers for the Funds and their experience. The Board considered representations from Tidal that the nature, extent or quality of the advisory services to be provided by Tidal under the Interim Investment Advisory Agreement would not be materially different from the nature, extent or quality of the advisory services currently provided to the Fund by Subversive under the Current Advisory Agreement. The Trustees also considered the resources and capabilities that would be available to the management of the Funds under the Interim Investment Advisory Agreement, noting Tidal's representation that the Interim Investment Advisory Agreement is not expected to result in any diminution of Tidal's resources or its ability to serve the Funds. The Trustees concluded that they were satisfied with the nature, extent and quality of services that Tidal would provide to the Funds under the Interim Investment Advisory Agreement.

Investment Performance. In assessing the quality of the portfolio management to be delivered by Tidal under the Interim Investment Advisory Agreement, the Trustees reviewed the performance of the Funds as managed by Subversive under the Current Advisory Agreement, noting that the proposed new portfolio managers for the Funds would be managing each Fund pursuant to substantially the same principal investment strategy and portfolio construction process.

The Board also considered that, in connection with its meetings held during the course of the prior year, the Board received and considered reports regarding the Fund's performance over various time periods. The Board noted the Funds had limited operating history that prevented consideration of performance over the longer term.

Fees and Expenses. The Board reviewed and considered the contractual investment management fee rate that the Fund will pay to Tidal under the Interim Investment Advisory Agreement (each a "Management Fee Rate"). The Board considered that the Management Fee Rate payable to Tidal under the Interim Investment Advisory Agreement is the same as the investment management fee rate payable to Subversive under the Current Advisory Agreement. The Board also considered Tidal's representation that the Transition is not expected to result in any increase to each Fund's total expense ratio.

The Board also took into consideration each Fund's "unified fee" structure, under which Tidal would, in addition to providing investment management services, bear the costs of various third-party services necessary for the Funds to operate. The Board considered that, other than the management fee, Tidal would pay all operating expenses of the Funds, except for certain costs such as interest, brokerage, acquired fund fees and expenses, extraordinary expenses, and, to the extent it is implemented, fees pursuant to a Distribution and/or Shareholder Servicing (12b-1) Plan. The Board considered that Tidal does not manage any other accounts or funds with investment strategies substantially similar to those utilized for the Funds.

Based on its consideration of the factors and information it deemed relevant, including those described here, the Board concluded that the Management Fee Rate was reasonable in light of the services expected to be covered by the Interim Investment Advisory Agreement and that the overall expense structure of the Funds supported approval of the Interim Investment Advisory Agreement.

BOARD CONSIDERATION OF INTERIM INVESTMENT ADVISORY AGREEMENT

SEPTEMBER 30, 2024 (UNAUDITED) – CONTINUED

Profitability and Economies of Scale. As part of its review of Tidal’s profitability in connection with the Annual Renewal, the Board requested and received a report on Tidal’s estimated revenues and expenses resulting from services to be provided to the Funds under the Interim Investment Advisory Agreement. The Board concluded that Tidal’s expected profit from managing the Fund was not excessive. With respect to economies of scale, the Board noted that the amount and structure of each Fund’s unified fee contemplates a sharing of economies of scale with Fund shareholders. The Board also noted that the Interim Investment Advisory Agreement is not expected to change each Fund’s overall fee and expense structure.

Ancillary Benefits to Tidal Derived from the Relationship with the Fund. The Board received and considered information regarding anticipated ancillary or “fall-out” benefits to Tidal as a result of its relationship with the Funds. Ancillary benefits could include benefits potentially derived from an increase in Tidal’s business as a result of its relationship with the Funds or benefits attributable to research credits generated by Fund portfolio transactions. Based on its consideration of the factors and information it deemed relevant, including those described here, the Board did not find that any anticipated ancillary benefits received by Tidal were unreasonable.

Conclusions. The Trustees did not identify any one factor as all-important, but rather considered these factors collectively in light of each Fund’s surrounding circumstances. After considering the above-described factors and based on its deliberations and its evaluation of the information provided to it at the Meeting, the Board unanimously approved the Interim Investment Advisory Agreement.
